STATUS INQUIRY

Applicants through their attorney of record respectfully request that the status of the above-identified patent application be communicated immediately to their attorney at the address or phone number below. There has been no response from the Examiner on this case since we filed a response to the 8/25/03 Office Action on 2/25/2004.

Applicants further request that any questions or concerns regarding the application be directed to Patrick Dwyer at the telephone number indicated below.

We are no longer enclosing a self addressed card for the purpose of your returning it to us with the status, because the mail room consistently removes it (even though we staple it, as specified, to the request) and sends it back to us along with the card we provide for the purpose of indicating the receipt of this request.
